Prices subject to change without notice. Custom costuming pricing available upon request. Designs and materials are discussed before prices are set.

Custom costuming pricing available upon request. Designs and materials are discussed before prices are set. Custom beaded belts and bras designed and created. Pricing available upon request. I do all of the bead work by hand, and all of my fringe is strung by me!

All costumes pieces are made with a serger to ensure no fraying seams. Feel free to ask about costume pieces that are not mentioned above. I have included some of my creations for your perusal! Color swatches on the following pages are for non-silk veils only!, and because veils are made to order, delivery time is approximately 3-4 weeks.
